

# Have your say

on ways to improve green spaces in South Gloucestershire for everyone!

South Gloucestershire Council has prepared a draft Green Infrastructure Strategy, which explains why and how we need to improve the network of green spaces and water courses across our area, and the action we plan to take.

This includes action to restore nature, adapt to the changing climate and to improve our green spaces to make them more welcoming and accessible for everyone.

We would love to hear your views on the draft plans and your suggestions for how we can achieve **'greener places where people and nature thrive'**

Find out more at our [Greener places webpage](#)

To say "thank you" for your time **we will send you a gift voucher** – following the online group.

## When?

**Wednesday 8th September 2021, 6pm-8pm**
